

EmberMist Scripts [V2]

Board Approved Revisions (March 2026)

Director's Note: Keep all videos under 12 seconds to force replayability. The overarching theme is "Undeniable Visual Aesthetic" paired with high-leverage engagement bait.

Concept 1: The "Aesthetic Envy" Upgrade

VIBE / CHILL

TARGET: GEN Z ROOM DECOR

VISUAL ANGLE & INSTRUCTIONS

CRITICAL: Room must be pitch black. A hand reaches in and clicks the EmberMist on. The orange mist erupts instantly, illuminating the desk setup. The camera slowly pans around the mist. Let the shadows do the heavy lifting.

Concept 3: The "Oddly Satisfying" Visual Loop (PIVOT)

VISUAL RETENTION

VISUAL ANGLE & INSTRUCTIONS

PIVOTED: Removed "Wait for the end". Use a static tripod shot, extremely close up on the mist erupting from the LED ring. Seamlessly loop the 4-second clip so the viewer doesn't realize it restarted.
